Looks like Democrats will flip around 400 state legislative seats. It would be far more without gerrymandering. So please retire you're 1000 seat loss narrative. Or acknowledge each and every time you tweet it that the current Dems got 400 back.

Do you understand yet it that it isn't about your own math narrative? Why did you lose those 1000 seats? And that you won those 400 mainly due to Trump being so bad? You neolibs need to go away and let people who know how to govern with real policy and not lip service.

Typical tweet from an elite DNC insider. Who cares? Independents care. It's why Clinton lost. We don't want insider status quo dems at the helm. You should take heed of what this says. Good Luck. #DemExit

The bad is very loud Tracy. It can be deafening.
But try and remember the good, the folks we have around us who aren't in the news, aren't on social media. We are millions strong, and we have good folks behind the scenes and even though it's exhausting, have faith in us.

Problem with so many candidates is one will emerge who promises unicorns and cotton candy for all and when they don't win the primary they will turn on the more moderate ones and say "vote for trumb" to get even. It has happened before.

My only disagreement is his 3rd pt about nominating someone that can win over R's. We shouldn't water down our message to win them over. We don't need them in order to win the gen. We should wholeheartedly embrace progressivism —if they come over to our side, then good for them.

US House votes: Democrats: 59,525,244 (53.2%)
Republicans: 50,516,570 (45.1%) The raw vote margin (>9 million) is the largest gap in the history of midterms & the 8.1% spread is larger than any recent wave midterm: 1994 (R+7.1%), 2006 (D+8.0%), 2010 (R+7.2%) and 2014 (R+5.7%)

A reminder to lift our spirits a bit: #TraitorTrump "won" an election in which he conspired with a hostile foreign power to hack his opponents emails by...77,744 votes (10,704 MI, 44,292 PA, 22,748 WI). If half of those voters were swung to Hillary, she would be president (~39k).

With Republican supplied & programmed voting machines, the final counts remain suspect. Democratic House needs to open an investigation. Please see @jennycohn1 posts about the many problems with voting machines.

I think your inability to clearly articulate your complaint and instead demand explanations for vague notions of language usage by a third party are good examples why no one respects you and why they think of you as a useless shill of bad politics.

It seems a Republican campaign went to the houses of older Democrats, claimed to be officials, took their absentee ballots and got rid of them. The Republican "won" by 900 votes. It's 2018. Every major newspaper should be on that story. #NC9

It's so interesting how conservatives HAVE to lie to argue their case. Cruz lies about the protesters. None of them are protesting the anthem. They are all protesting police brutality just as Rosa Parks protested segregation. Cruz is just morally bankrupt.

It's truly unbelievable how easily and often they lie about everything. And it's not just some republicans who do it. it's the majority of them. They will lie about things that are easily disproved. They'll even lie when confronted with video footage of themselves. It is crazy.

Bruenig's piece in the Post on Beto is just the latest attack by a supporter of Senator Sanders on Beto: joining Jilani, Jacobin and Sirota. Feels a bit orchestrated and clearly they are worried.

Bruenig is hardly an authority on progressivism. Their definition of progressivism is kissing Bernie's ring. They are mad someone else is doing it outside of Bernie's influence.

Lexan can't get excited

I don't understand why any progressive is cheering French protesters who are amassing against a carbon tax.

Because #Macron cut taxes for the wealthy and now he's trying to force more austerity on workers? Carbon taxes passed onto consumers are a poor way to pursue environmental policy. Go after the super rich oil producers, who are sitting on billions in oil wealth already. Be fair.

In theory a carbon tax does both.

Not in practice, however, because the oil producers will simply pass along the added expense until it hits the consumers, who already are paying through the nose for energy. The French should follow the #superfund model, where historical polluters are held financially responsible

No the theory is that people consume less energy intensive products, lowering the sales and ultimately profitability of those companies.

Can you imagine if this happened in the Obama Administration? If this were Justice Kagan and Obama? Both would be impeached immediately.

> **Neera Tanden** @neeratanden
> Just to state this: Justice Kennedy's son gave a billion dollar loan to Trump when no one would give him a dime, and Justice Kennedy has been ruling in favor of the Trump Administration position for 2 years as the Court decides 5-4 case after 5-4 case.

We have a joint program on defending democracy from the rise of authoritarianism. Here's the press release from the CAP website. Welcome @curaffairs to cover the many papers we have jointly authored. This is a critical topic more media should focus on

Oh look. A supporter of Bernie Sanders attacking a Democrat. This is seriously dangerous. We know Trump is in the White House and attacking Dems is doing Trump's bidding. I hope Senator Sanders repudiates these attacks in 2019.

Oh look. A supporter of Bernie Sanders attacking a Democrat. This is seriously dangerous. We know Trump is in the White House and attacking Dems is doing Trump's bidding. I hope Senator Sanders repudiates these attacks in 2019.

Bruenig's piece in the Post on Beto is just the latest attack by a supporter of Senator Sanders on Beto: joining Jilani, Jacobin and Sirota. Feels a bit orchestrated and clearly they are worried.

I genuinely don't understand this. Why would you be worried about people, writers, groups, anyone holding a *potential* candidate accountable, and pushing them more left? Is that what our movement calls for?

6 6 197

Neera Tanden @neeratanden · Dec 6
So great to hear from you @helenbrosnan. Been a long time. No one knows if Beto will run. If he runs, he'll have an agenda for the country. Feel free to judge it then. Seems a bit premature to judge before then. One possibility for criticism is to keep him out.

Neera Tanden @neeratanden · Dec 6
And perhaps you can speak for the movement. I do not. Is the movement calling for the farthest left policy positions? Perhaps. Perhaps not. Lots of people in the Resistance worked hard for 2018 and for candidates who may not agree with you.

So great to hear from you @helenbrosnan. Been a long time. No one knows if Beto will run. If he runs, he'll have an agenda for the country. Feel free to judge it then. Seems a bit premature to judge before then. One possibility for criticism is to keep him out.

And perhaps you can speak for the movement. I do not. Is the movement calling for the farthest left policy positions? Perhaps. Perhaps not. Lots of people in the Resistance worked hard for 2018 and for candidates who may not agree with you.

Bruenig's piece in the Post on Beto is just the latest attack by a supporter of Senator Sanders on Beto: joining Jilani, Jacobin and Sirota. Feels a bit orchestrated and clearly they are worried.

I genuinely don't understand this. Why would you be worried about people, writers, groups, anyone holding a *potential* candidate accountable, and pushing them more left? Is that what our movement calls for?

So great to hear from you @helenbrosnan. Been a long time. No one knows if Beto will run. If he runs, he'll have an agenda for the country. Feel free to judge it then. Seems a bit premature to judge before then. One possibility for criticism is to keep him out.

And perhaps you can speak for the movement. I do not. Is the movement calling for the farthest left policy positions? Perhaps. Perhaps not. Lots of people in the Resistance worked hard for 2018 and for candidates who may not agree with you.

Just a reminder that if Dems take the Senate, Mitch McConnell is no longer Majority Leader, Chuck Grassley is no longer chair of Judiciary and Susan Collins is in the minority. Find a Senate race and start working.

In this vote, Leadership lost 3 Dems and got 3 Rs. Maybe the reporters didn't have a great handle on the caucus.

More clickbait from @politico. They've forgotten that @HillaryClinton won by 3 million votes, despite Russian interference, GOP / Bernie / Stein collusion, misogyny, clickbait over emails, obsession and hate.

Pretty sure @maggieNYT is now editor. At least Peter Baker gives her credit for the entire front page that now refuses to run bylines. One should perhaps start asking more questions of their policies.

Every few months, someone whispers to a reporter that Hillary has not signed in blood that she won't run and we get this media swarm which is an opportunity to drag her. It then ends within a day with actual advisors saying she's not running. It's painful and mean and should end.

Cruz didn't stand up when his wife was called ugly, when his father was accused of being in on the assassination of JFK, when he was accused of adultery, or when he was labeled Lyin Ted.
Do Texans believe Cruz will defend them?

So you think the Democratic Party and associated organizations should refuse contributions from big business, foreign governments and Wall Street?

You think all Democrats should endorse free college, free health care and a jobs guarantee?

Can I get that in writing?

I think you don't determine what is progressive in America. Plenty of progressives care about civil rights and immigration and gun control. But you don't list them on your priorities. I could say you're not progressive because you don't. Have a great night.

Neera Tanden is the last person whom I would take electoral advice from. Under the pro-corporate and moderate ideology, Democrats lost over a 1,000 seats in State Legislatures, over a dozen Governorships and both chambers of Congress in less then a decade. What utter failure.

Neera Tanden is the last person whom I would take electoral advice from. Under the pro-corporate and moderate ideology, Democrats lost over a 1,000 seats in State Legislatures, over a dozen Governorships and both chambers of Congress in less then a decade. What utter failure.

What about retaking the House and winning nearly 400 state leg seats in 2018? I was all powerful in the Obama years but did nothing in 2018? You guys need to update your talking points for the blue wave of 2018.

What's -1000 + 400?
And weird that the increase coincided with a move leftward. Maybe everyone hates the right wing economics?

I think any attacks on @Ocasio2018 are bad and dumb. But plenty of folks on the left attacked Ralph Northam during the general election.

Do you think Ralph Northam should not have been criticized over his statements on sanctuary for undocumented immigrants and Medicaid expansion?

It seems that criticism has made him a stronger Governor.

than a week before he won Virginia's gubernatorial election last November in an xpected landslide, Gov. Ralph Northam was asked by Norfolk TV station WAVY if he ld sign a bill to ban sanctuary cities in Virginia. "If that bill comes to my desk, I sure ," Northam said, despite having cast a tie-breaking vote to stop that from happening year. "I've always been opposed to sanctuary cities."

thum was promptly blasted for throwing undocumented people under the bus in the of a racist campaign by Republican Ed Gillespie tying undocumented migrants to MS-13. The progressive group Democracy for America immediately ounced that it would stop giving "direct aid" to Northam's campaign, and when thum won, protesters chanting "Sanctuary for all!" disrupted his victory speech.

ppears that Northam took note. On Monday night, Northam vetoed a bill that

Dr. Ford is asking for an FBI investigation, which will mean she's questioned. And she knows lying to the FBI is a crime

Kavanaugh's alibi refuses to testify
Kavanaugh has neither taken a polygraph or asking to speak to FBI.

A decade from now, it's possible - maybe likely -so many Republicans are going to act like they don't even remember Trump's name. But I'm going to remember what each of them did in this moment. Few have been principled. Most have been craven.

No I support the ADL's work against white supremacists, politicians who feed hate and everyday acts of intolerance. I appreciate that they've criticized political leaders at the highest levels who are attacking minority groups of all kinds.

And the idea that they can't take part in racial sensitivity training by Starbucks is outrageous on its face to me. You don't like Israel's politics, ok. I find attacking groups like ADL wrong, and your tactics counterproductive. Have a good night.

Didn't he suspend his campaign before the Iowa caucus? I'm confused by this burn.

Dylan @dylanzmckee · 19 Jan 2018
He did. And also, he and Cotton are at the same level. Like this is a burn you put on someone beneath you. (Also contained no "nah I'm not at all like Steve king, which seems noteworthy.)

I welcome @BernieSanders to the presidential race and hope we have a good discussion of his ideas and proposals, along with everyone else's.

Just heard you on @HallieJackson's show. She asked you if you were glad Bernie Sanders was in the race. You smiled and emphatically said "Yes". You had me fooled....I thought you were smarter than that. It won't matter at all to you but I'm going to #Unfollow you for this. Bye

I'm sorry you're unfollowing but I welcome all into the race. If they or their supporters attacks Dems, I will defend. That's my posture.

Cynthia @betterwchlle · 2 godz.
Honestly Neera, I'm unfollowing you as well. I get "welcoming all" but Bernie isn't even a Democrat. I see no integrity in a man who easily slips in-and-out of a political party only when it suits him. He can say nothing I want to hear. Bernie is, and has always been, ego-driven.

Furthermore, it's kind of hilarious to see @aaronjmate claim Trump isn't totally deferential to Russia because of stuff Mike Pompeo said.

As if Trump doesn't totally steamroller everything his own administration officials say on a daily basis.

I must admit, I thought I had heard every dogwhistle against women in politics, but "connects with her audience too much"? I'll be damned if that isn't a new one.

Chris Wilhelm @cwilhelm2014 · 14 કલાક
Yep. If you can't find another way to throw shade on a woman politician, just tack on "to a fault."

2023: "President Harris has the economy working again - perhaps to fault."

Matthew Chapman @fawfulfan · 3 કલાક
"President Harris has brokered world peace, effectively wiped out white-collar AND violent crime, achieved universal health care and presided over the longest consecutive streak of full employment in U.S. history...arguably to a fault, writes Christopher Cadelago."

This is repeal with no replace. Millions will lose health care in order to pay for tax cuts for the wealthy. Just in time for Christmas.

Misogyny is: Being a woman candidate against a man accused of assaulting 16 women, he physically stalks you on the debate stage and you don't say "Get away from me" bc the Mark Halperins of the world will judge you negatively. Instead you bear it.

Now that the Intercept knows wikileaks was colluding with Trump, they can go back and update every story they ever wrote using wikileaks to attack people.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

We are early into the Dem primary but we seem to have more and more evidence that the blue checkmark pundit twitteratti may not have their finger on the pulse of the Dem electorate.

Vanity projects that help destroy democracy are disgusting. If he enters the race, I will start a Starbucks boycott because I'm not giving a penny that will end up in the election coffers of a guy who will help Trump win.

Its stuff like this that gives liberals a bad name. Someone thinking about running for potus is threatened with a boycott bc the liberals are offended? It's this stuff that pushes me more moderate. I get the logic but not the hypocrisy.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

If you don't honestly believe that the Russians strategically leaked particular emails at particular times (worst one - self research doc on Goldman Sachs speech out minutes after Access Hollywood), I'm not sure you had dispassion to cover this. Kinda shocked at this.

> **Nick Confessore** ✓ @nickconfessore
> Quite the opposite, in fact. Assange didn't package anything. The vast majority of the emails contained nothing newsworthy — I read thousands of them — the Times only wrote about ■ very small percentage of them, each time with consideration of what was worth reporting on. twitter.com/karacalavera/s...

Those email tranches didn't dilute coverage, they built it up. And I never claimed to be dispassionate because I'm not a reporter on Wikileaks. I consider myself more a victim of it. Which you very well know Nick given your story on my (not really newsworthy) emails

> **Nick Confessore** @nickconfessore
> Broadly strategic, of course. But poorly packaged, as I (actually) wrote. E.g., e-mails on similar topics were often separated in tranches released many days apart, often diluting coverage of them.
> Of course, you have no dispassion at all on this topic, but who can blame you?

This is a lie. He voted against pre-existing conditions. If he lies now, imagine what he will do if re-elected.

John Faso ✓ @JohnFasoNy
For thirty-five years, Mary Fran and I have made Upstate New York our home. I've kept my promise by voting to protect pre-existing conditions, and to help our veterans, farmers, and small businesses. I hope to continue making a difference working for you.

Oh of course! Look, I'm really not sure where this goes, but I have to believe that special counsel is smarter than the rest of us & has a plan.

Or Mueller is just an Establishment guy who isn't interested in shaking things up?

Mmmmm, if something is wrong. It's wrong. He doesn't seem like the kinda guy who would turn a blind eye. Remember. We still have SDNY...

Nobody better go on with @jaketapper and tell him because he will just laugh in your face. You know, like he did when a Hillary Clinton rep went on his show to warn of Russia interference/hacking and Jake laughed it off. He was laser focused on the takedown of HRC & Foundation!

Last month, we had to organize like never before for 2020.
Today, we have have to organize like never before for 2020.
And tomorrow, we have to organize like never before for 2020.
There's a Dem Congress because people built a movement. Build it stronger, better, bigger now.

We know Trump family, associates and campaign chairman coordinated and colluded with Russian nationals close to Putin.
Barr "cleared" Trump by careful parsing of "Russians" versus "Russian government" and "people operating on behalf of Trump" versus "Trump campaign."

For someone who was given everything in life, who never had to do anything he didn't want to, and who has gotten away with God knows how much...why he is so angry? Why he is so cruel?

Because he's an incompetent, and so he insulates himself from ever knowing that he is an incompetent by hating everybody else. That way by comparison, he looks good to himself.

Let's be honest. Everyone that did hyperventilating coverage of this caravan, including plenty of mainstream media, aided and abetted not only Trump's political agenda but his xenophobia and the xenophobic climate in which the deranged are whipped up.

There are many cultists on this site, but the Assange cultists are the worst. Assange was the agent of a proto fascist state, Russia, to undermine democracy. That is fascist behavior. Anyone on the left should abhor what he did. Not celebrate it.

For all those who've been citing the Barr Report, this has been clearly laid out there.

His arrest has nothing to do with this Russia nonsense you've been shrieking about, you horrible, disgusting woman. He's been arrested by the UK due to a known agenda to extradite him to the US for his 2010 exposure of US war crimes. This is a fact.

His arrest has nothing to do with this Russia nonsense you've been shrieking about, you horrible, disgusting woman. He's been arrested by the UK due to a known agenda to extradite him to the US for his 2010 exposure of US war crimes. This is a fact.

A statement from my mom, Maya Tanden

Done 2 of 2

Raj Tanden
mins ·

A statement from my mother, Maya Tanden: As a 78-year-old immigrant, I am so proud of my daughter for succeeding - making life better for so many people and helping bring health care to millions. For the first time in my life, a reporter contacted me out of nowhere and said she wanted to talk to me for what I thought was a nice story about Neera. I didn't understand my words would be used in the story and once I understood they could be, I called her back to clarify that. Only then did she tell me my words were "on the record," a term I've never heard before. I feel very misled

We're at the point now where we should just assume anything put out by the @GOP is a set up. Or a sham.

A Con. They nominated one. They acquiescent to one. Just another version of Trump University on steroids.

I want to thank @Berniesanders for doing this. I feel this is responsive to the pleadings of many of us and I'm grateful for this response. We will have a far better primary because of it.

@jjz1600 saying this right here and now to you. You will not do to other Dems in 2020 what you did to Hillary in 2016. An army will rise up against this bs. You need to stop and stop now.

Its people like you using tactics like this that caused me to #DemExit and #GreenEnter. The Democratic Party has completely abandoned the working class. #NY06

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

It all wears on your soul. Every day another disappointment, a new low, an unprecedented attack on values.... its exhausting and demoralizing.

The problem is every journalist is on here and instead of doing stories they just talk about what is trending on twitter so people who aren't on twitter get stories based on twitter spats.

Irony much? Consider this exact tweet, with "Trump" replacing "Biden." That describes the exact state of affairs w/ the Obama Admin launching investigations on Trump. Did you ask these Qs then? Have you since? Why not? #LawEnforcementShouldntBePoliticized

I'm not surprised you can't tell the difference between the FBI launching an investigation because of national security concerns versus a president ordering a DOJ investigation of his political opponent.

Miss Neera, I carry a voter registration form with me. I asked servers and everyone did I come in contact with daily if they're registered. If not I ask them for their drivers license and I can fill out most of the form myself. To date I have registered about 25 voters.

Bevins just barely got over 50% of the vote in his GOP primary as an incumbent. In 2007, Andy's dad beat a Republican incumbent who got barely over 50%. Bevins has attacked the Medicaid expansion and Beshear ■ a champion of health care.

While we agonize over Trump & watch every poll on the Dem pres primary, there's an important Governor's race happening now in Kentucky. Bevin, perhaps the worst gov in the country, is facing Dem @AndyBeshearKY, a strong candidate committed to health care.

Bevins just barely got over 50% of the vote in his GOP primary as an incumbent. In 2007, Andy's dad beat a Republican incumbent who got barely over 50%. Bevins has attacked the Medicaid expansion and Beshear ■ a champion of health care.

Bevins is ■ huge Trump ally; his defeat will scare GOP around the country. The election is this Nov. If you want to do something to defeat Trumpism now, donate to @andybeshearky; if you know people in KY or live there -- organize. Remember, we focused on Doug Jones early & won

Man the NY media really wants a race.

New York Magazine @NYMag
New this issue: @CynthiaNixon has already won by moving the governor to the left. And she's beginning to think she just might win the whole thing. @jpressler reports nym.ag/2JM1Gta

1) I get where the disconnect is: the poll lede was about REGISTERED voters, but the real news was that enthusiastic primary voters (not just registered Dems) had her 32 to 60, which is actually a big deal. It means she starts where I ended (34), and only has 75K votes to make up

Zephyr Teachout @ZephyrTeachout · 16 Apr 2018
2) Moreover, the polling last time had no signs that I would get 34%—in fact, he was doing BETTER than he is now overall in the July poll right before we hit that number—so we know that there is movement. It's a real race.

Zephyr Teachout @ZephyrTeachout · 16 Apr 2018
3) But the biggest disconnect ■ here: Democrats/citizens want primaries. We want real choices, and it is great that the media is covering primaries, instead of assuming incumbents are essentially protected. The NY political press corps is very very very good: more of this.

I think we are all owed an explanation of how this NYT story happened given these new revelations.

> **Symone D. Sanders** @SymoneDSanders
> The fact that the NYTs acted as a willing agent for the Trump White House's lies and defended the paper's publishing of them, makes this even more eyebrow raising. Have folks learned ANYTHING from the last presidential election? twitter.com/miriamelder/st...

Exactly. There are set number of debates. Why then can't Warren ask for a debate on inequality? Sanders on health care? Beto on political reform? Kamala on education? Climate will def come up in the debates. Obviously critical issue of our time. Neutrality means sticking to rules

> **Dave Weigel** @daveweigel
> In DNC's defense, both parties do this: They sponsor set number of debates, and other events have to be "forums." There is nothing stopping Sunrise et al from organizing a climate forum and getting a media partner. (That said, Sunrise also wants a DEBATE.) twitter.com/themaxburns/st…

I believe defying court orders is grounds for impeachment. And it's pathetic that the GOP who call themselves constitutionalists and have spewed law and order bs for decades do simply nothing.

I believe defying court orders is grounds for impeachment. And it's pathetic that the GOP who call themselves constitutionalists and have spewed law and order bs for decades do simply nothing.

Sigh. By all means let's spin our wheels critiquing every damned DEM move rather than the fact that SHE CAVED and is ON THE RECORD in this hearing. By all means critique the process not the substance.

While I usually agree with you, this time I don't. The purpose of having live testimony is to educate the public about the Mueller report and let them evaluate. Most of them have not and will not read it. Impossible behind closed doors. This is a waste of time...

CHURCHLADY320 @CHURCHLADY320 · Jun 12
I know this and want this, but I want her testimony MORE. It is on the record, and it will be heard by us. They can demand she return if there are more questions - make it public.

Do u think she will deviate from the testimony she already gave to Mueller? I don't think she is a fool. The only thing new she could shed on this is her facial expressions and that will be denied to us.

Is there a scenario, a crime, in which you would say impeach, and pressure Pelosi even if she didn't want to? Say he was engaging in sexual abuse, child abuse or had ordered a murder or violent crime?

If GOP were still not going to do anything, still no impeach?

12 23 251

This is ridiculous. I've said they should have Mueller testify. They can start the impeachment inquiry now. Based on the Mueller report. I'm simply saying the rhythm of twitter where Trump does something crazy and we all yell at Pelosi seems basically a great set up for Trump.

72 31 204

Michelangelo Signorile @MSignorile · 21h

I agree no on should "yell" at her or beat her up — she's been doing ■ great job — but surely it's fine for people to pressure her on this issue about which, she's been bafflingly resistant to the point of claiming there's little pressure on her to impeach. The messaging is odd.

With respect, this is not binary. Impeachment hearings may not "reign him in." But done properly, they increase the likelihood he will be defeated. Further they are the right thing to do because the assault against the Constitution being undertaken by the WH must confronted.

People. Impeachment does not reign Trump in. It's a judgment on his behavior. It does not stop his behavior. It doesnt mean he leaves office. The Senate is not acting. And after they refuse to act he will say crazy things like he said today.

Impeaching him for his behavior may be the right course, but we should be under no illusions that impeaching him alters his behavior.

You realize the trial here happens in the Senate. He's not getting prosecuted. The question is whether to indict when you know there will be no prosecution. There are good arguments for doing so but your analogy is not apt

10 1 8

Brian Scully @brianscully · 21h

I am very aware, and my analogy is admittedly imprecise but still relevant. Not one person screaming for an impeachment inquiry to begin is doing so thinking it will change him at all. Nor is anyone screaming for it expecting Republicans in the Senate to uncircle their wagons.

They've already proven votes were tampered with in Florida. I suspect the same will eventually be found true in Wisconsin, Michigan, and Pennsylvania. There should be hand marked paper ballots available in every state, and video and audio taped counts and audits.

What did you think Hillary meant when she said someone you can bait with a tweet shouldn't have nukes? Sounds like impulsive militarism to me. But then again, you wrote that Trump was dovish.

I can think of few people on the planet less able to handle a war in the Middle East than Trump.

Demand an authorization by Congress. And demand it now.

This is insane.

I guess I assumed too much knowledge here. I believe the House would vote down a war resolution, which would give Trump less legitimacy in military action. And perhaps restrain the military from acting.

Understand, the trump admin is giving no-bid contracts to their buddies, who then take wads of U.S. government cash and are using it to warehouse these human beings without beds, soap, toothbrushes, blankets, medical care. They are pocketing the money with no accountability.

I oversaw Hillary's debate prep in the 2008 primary, the last time we had Dem multi-candidate debates and I have one piece of advice for candidates: voters aren't just measuring you against each other; they are measuring all of you against Trump.

I love this. HRC voters haven't left or cowered. We are in the bullpen. In the dug out. On the bench. In the parking lot. Everywhere. Let's do this ladies. #kamala.

@KamalaHarris showed once again she can float like a 🦋 but sting like a 🐝
She has #sharpteeth behind her #smile and #hardelbows if needed.
She also has exceptional command of relevant information.
Question remains: are #American #voters prepared to #elect #Harris in

Leave it to them to spin the interference. Someone should be brave like President Carter. Trump is the danger. Good god. More should step up.

Sure. Don't call him a liar. Don't say he lies when he obviously does. Bend over backwards for this guy. This is what you're enabling. And it is democracy itself that's jeopardized.

Trump also bonded with Putin over a scorn for journalists.

"Get rid of them. Fake news is a great term, isn't it? You don't have this problem in Russia, but we do."

There were a bunch of people who voted for Trump in 2016 who voted Democratic in 2018, particularly in the midwest. Many of them women. This is just a fact. Winning campaigns both energize their base and persuade voters. This should not be a controversial thought.

What is Nancy doing? She refuses to hold Trump accountable and yesterday she voted to take more of our blue state tax dollars and transfer them to red state pockets with the border bill.

Really, wtf is she doing? I am the woman you speak about. WTF are Dems doing?

If you are appealing to Trump voters, you can forget about the base turnout. Also, some Trump voters who voted for Dems wasn't for their useless doa bs legislation, it was to provide a check and balance to Trump. In addition, do you have data on how many Trump voters u got?

People. Trump likes dictatorships. He wants the win for Kim. It's allied democracies he insults. And dictatorships in which he's enthralled.

Trump praises MBS (ordered the brutal murder/dismemberment of an American journalist); does the bidding of Russia's dictator while joking about Russian election meddling; sends love letters to Kim Jong Un who murders his own ppl and Otto Warmbier and disgraces US b4 our allies.

I said on @msnbc last week that arguing 1325 made Trump's family separation policy necessary was wrong because Obama didn't separate families at the border. In fact, this policy is new to Trump and no president has. @juliettekayyem makes the argument here.

True.
Democrats have failed to fully communicate their overall approach.
They need to decry abuses and describe how they would address the issue as a whole.

This includes countering the GOP narrative of an "invasion" and "open borders".
Give numbers which describe the dynamics and what their policies would be.
Detention, deportation, enforcement, etc.

House Democrats are complaining about the cost of Trump's July 4 parade. Worth noting that all but 7 of them voted last month to set U.S. military budget at ~$7 trillion over 10 years. Tim Ryan was among the yes votes washingtonpost.com/us-policy/2019…

I'd like a source beyond the candidate's own campaign autobiography, tho!

Why? So they can insult me in my mentions and everyone else sees them?

So when a moody fan/ally leaves a mean message, you'll entirely cut them off from your messaging? I'm snappy and get blocked from people I like. Guess it doesn't matter.

Blocking or muting is a great tool to avoid differing opinions enabling those to remain isolated in their thought bubbles.

I'd rather see what others are thinking to expand my political scope. I may not agree with all views but gaining broader perspective expands my knowledge.

A statement from my mom, Maya Tanden

Done 2 of 2

Raj Tanden

A statement from my mother, Maya Tanden: As a 78-year-old immigrant, I am so proud of my daughter for succeeding - making life better for so many people and helping bring health care to millions. For the first time in my life, a reporter contacted me out of nowhere and said she wanted to talk to me for what I thought was a nice story about Neera. I didn't understand my words would be used in the story and once I understood they could be, I called her back to clarify that. Only then did she tell me my words were "on the record," a term I've never heard before. I feel very misled

In 2016, for the first time, I was told by people on twitter to go back to India. They - all white nationalists-sent me images of poverty in India, told to return. I was born here. But they saw me as less American because I am brown. Now Trump parrots them. That is what we fight.

Not a single Republican GOP member or senator- who plans to stay in the party- has criticized Trump's racist tweets. But lots of moderate Dems have as well as liberals ones. There is no both sides in politics today.

Most people know that Medicare today has a private insurance option that a lot of people use, right? Ending private insurance in Medicare would be a change to Medicare. Always can regulate it better but it exists.

I'm saying people who argue Medicare ■ a popular program and use that for their favorite health care plan should recognize the facts, which is it contains private health insurance. Pretty simple point actually.

In the future, nothing will more fully encapsulate the Trump era than the video of thousands of people chanting "send her back". Your grandchildren will see that video. They will ask you what you did in this moment. You can tell them what you did to defeat Trump. 17 months.

You know what defeats the hatefulness of Trumpism? The largest electoral margin defeat since Goldwater. That is what he deserves. A humiliating, historic landslide loss. And that is actually possible.But it takes a bigger coalition than your twitter bubble. Build the army.

You know what defeats the hatefulness of Trumpism? The largest electoral margin defeat since Goldwater. That is what he deserves. A humiliating, historic landslide loss. And that is actually possible.But it takes a bigger coalition than your twitter bubble. Build the army.

You know what defeats the hatefulness of Trumpism? The largest electoral margin defeat since Goldwater. That is what he deserves. A humiliating, historic landslide loss. And that is actually possible.But it takes a bigger coalition than your twitter bubble. Build the army.

Honestly asking @lcmoser- do you mean this as an attack on @HillaryClinton or are you referencing something else? I'm definitely against party bosses choosing nominees but I don't know when that last happened.

I don't think she means Clinton, I think she means the DCCC's statement against her own campaign.

Which, while she isn't my first choice for #TX07, I agree was really stupid.

You want to punch someone in the face should you be arrested for battery even though you didn't punch them?

As Mueller just testified, a failed effort to obstruct justice is a crime.

This is precisely my view. People will define it themselves. But beating Trump and ending the nightmare is a Primary concern

The media defined Hillary and it had absolutely nothing to do with what the majority of Dem voters that I know, and was surrounded by, thought of her. In fact it was diametrically opposed to what millions of voters thought, and nobody bothered to ask us.

Disagree. Electability is a fake metric. They thought the Donald was infinitely un-electable and Hillary was. What happened?

.@vpena35. Love this! Saw you loved it too. She clearly won the day, with this entrance & her speech, which was on fire! Biden was horrible, especially his interview with Sharpton. Booker was good, a little over the top as he can get, but he shined at Planned Parenthood talk

I don't understand why any progressive is cheering French protesters who are amassing against a carbon tax.

You also don't understand that the neoliberal policies you advocate 1) create economic inequality 2)raise carbon emissions 3) reinforce institutionalized racism 4) benefit the 1% 5) Create wage stagnation 6) end up benefiting neofascists like LePen & Trump.

Please specify the policies I advocate that do any of these things. Seems you're just lying. Get that we may disagree, but making up things on here as kind of ridiculous.

Hi. Remember when you and me and @NomikiKonst were on the platform committee together? I do. You advocated AGAINST a ban on fracking , AGAINST Medicare For All, AGAINST legalization of marijuana, AGAINST the social security raise- remember all of that? I DO. #AMMESIA

This is really great. @kamalaharris has an excellent transition to a Medicare for All that is based on the actual Medicare program. Really well done.

Sumasagot kina @neeratanden @KamalaHarris
How many Democrats running for congress will be able to run on this "transition". This version will never be enacted into law so why complicate things.

Neera Tanden @neeratanden · 3 oras
Actually her transition is pretty popular in Congress. And her transition is very popular in the country.

DN @hitawayrjn · 2 oras
Is her transition to Medicare pretty popular in red and purple states where we need pick-ups? How about Kentucky? I want Kamala to do well, but I don't think this will help. We gotta get rid of Trump, Kamala can do it, but I don't think this will help.

If you think transparency is fundamental to democracy, it's not anti-democratic at all. Release your tax returns, no problem.

If transparency is the standard let's make Biden and Sanders release all health records, and require them to submit to neurological testing. Let's make sure their brains and bladders are working at peak efficiency.

If either of them wears diapers, I demand to know.

For me, this isn't just about last night. Leftists have been disparaging Obama for years. It's virtue signaling for them to denigrate him as if he's the worst person on Earth. I don't know WTF they think they're accomplishing, but it is to ALL Democrats' detriment, even theirs.

The GOP didn't attack Reagan, they built him up for decades. Dem Candidates who attack Obama are wrong and terrible. Obama wasn't perfect, but come on people, next to Trump, he kind of is.

This is my outrage of the day.

Are you analogizing yourself as the Jesse Helms of the left? I wouldn't make that case but if you want to. Also, this is not post his presidency.

At issue w all this public shaming talk is a basic take on events. If you think separating parents from children is a mere public policy issue, then require decorum. But if you think that snatching children from their parents is a matter of moral depravity, it repudiates decorum.

This shouldn't be ■ partisan issue. Hand to G-d, if @HillaryClinton had separated ■ couple thousand kids w/o keeping track of them...but that's INSANE. The woman keeps track of EVERYTHING. She sends Thank You notes like it's ■ religion. There's no way she'd lose 3,000 kids.

What have I been telling you since November? And now Ted Cruz admits it.

If we had a liberal Koch Brothers, they'd be spending millions in Texas on voter registration of milllennials and people of color. Imagine if Texas turns? That makes it virtually impossible for GOP to win

I agree with you, Neera. It's too bad @TomSteyer is spending his millions on a quixotic presidential run instead of on a massive voter registration drive in Texas.

Neera Tanden @neeratanden · 6h
Just to say - @TomSteyer has done a lot for the party and our democracy over several cycles. Would be great for others to help as well!

The right wants to exploit disputes in the Center-Left. I know people are upset by the video but I urge all to move on. People were murdered by white nationalist hate, a global phenomen. Spend your time fighting that instead of each other.

> **Donald Trump Jr.** @DonaldJTrumpJr
> It's sickening to see people blame @ChelseaClinton for the NZ attacks because she spoke out against anti-Semitism. We should all be condemning anti-Semitism & all forms of hate. Chelsea should be praised for speaking up. Anyone who doesn't understand this is part of the problem.

Trump did this all throughout 2016. Let's not fall for it again.

Replying to @neeratanden
It's an easy trap to fall into because they're pushing all of the hot buttons. Every single one.

I appreciate you Neera and am so grateful we survived the pressure and ultimately didn't turn against each other. #Success #BlueTsunami #WeGotThis

Nera we're not box at all we're very real people and this is exactly what Senator Rubio saw standing in that town hall meeting how you all are so one-sided how pathetic for you to even say or think such a thing I thought it was a joke

We're far from box Mira that's what I love about Twitter that I can get to all of you directly because all of you were so stupid you put the blue little check near your name like you want a brownie point or something but no one thing you're all racist including Twitter Shadow Box

I'm from NC, and this story disgusts me. Thank you for calling attention to this crime. It's very upsetting to all of us here.

And it begs the question: "If this happened in Baden County, where else might it (or something akin to it) have also happened?"
